October 21, 2025

Jim Laughlin  
PO Box 10607  
Bainbridge Island, WA 98110

Subject: Parkview at Hostmark Planned Residential Development | FILE NO. P-09-22-25-04

Dear Mr. Laughlin:

Thank you for participating in the pre-application conversation with the City of Poulsbo on October 7, 2025. We hope that the information discussed at that meeting was helpful in understanding the general requirements for your project as submitted. This letter summarizes the meeting and provides you with relevant code and application requirements, based on the proposal. This information is intended to allow you to make informed decisions about how to proceed in submitting your application.

**PROPOSAL SUMMARY:** Proposal to divide 3 acres into 13 lots utilizing Planned Residential Development standards.

## PRE-APPLICATION MEETING PREAMBLE:

*A pre-application conference is valid for six months. A six-month extension may be requested no more than 30 days prior to the initial expiration. Pre-application comments are based on the information available at the time of the pre-application conference, and are subject to change if new, revised, or additional information is subsequently submitted or discovered by either the applicant or City staff. If the project is substantially revised prior to submittal of the land use permit application, a second pre-application conference may be required.*

## PLANNING AND ECONOMIC DEVELOPMENT DEPARTMENT:

The attached memos outline comments that were offered at the pre-application conference, in addition to any additional items that are applicable to the proposed project.

## APPLICATION SUBMITTAL:

1. The PED Department is now accepting all applications electronically. Please coordinate with your assigned planner to submit all necessary materials.
2. The application is counter complete if it is determined that the application submittal purports and appears to include the information required. No effort shall be made to evaluate the substantive adequacy of the information at the counter complete stage. Within twenty-eight (28) days of counter complete determination, the application shall be determined "technically complete" or returned to the applicant for corrections. The application shall then be processed in a timely manner in accordance with applicable state and local statutes.
3. Attached is a checklist outlining the items necessary for your application to be counter complete.

I hope this information is useful to you. We look forward to working with you on your project. Please feel free to contact me with any questions you may have at [aweller@cityofpoulsbo.com](mailto:aweller@cityofpoulsbo.com).

Sincerely,

Ashley Weller, Assistant Planner

### ESTIMATED APPLICATION FEES AND DEPOSITS <sup>4</sup>

|                                                              |              |
|--------------------------------------------------------------|--------------|
| Planned Residential Development with Preliminary Subdivision | \$ 990       |
| + Preliminary Subdivision fee                                | \$ 5,650     |
| + \$75 per lot                                               | \$ 975       |
| + Hearing Examiner Deposit <sup>1</sup>                      | \$ 4,000     |
| Arborist Review Deposit <sup>1</sup>                         | \$ 1,500     |
| Legal Notice Deposit <sup>1</sup>                            | \$ 500       |
| SEPA Checklist Review                                        | \$ 420       |
| Engineering Fee - Subdivision                                | \$ 2,790     |
| Engineering Fee - Drainage                                   | \$ 575/Basin |
| <b>TOTAL<sup>2,3</sup></b>                                   | <b>\$</b>    |

<sup>1</sup> Actual costs more than deposit will be billed to the applicant; remaining deposit funds will be refunded after permit issuance.

<sup>2</sup> **Total is an estimate based on the pre-application documents. Contact staff prior to submitting documents to determine total fees.**

<sup>3</sup> The total does NOT include peer review of Engineering documents (i.e. drainage, TIA).

<sup>4</sup> The fees include the review of the initial application and two revisions (three submittals total) plus the preparation of staff reports and administrative decisions. If a project requires staff review of more than three submittals, the applicant will be charged an hourly rate (min four hours due prior to commencing work).

# PLANNING AND ECONOMIC DEVELOPMENT

## Pre-Application Summary Letter

200 NE Moe Street | Poulsbo, Washington 98370  
(360) 394-9748 | fax (360) 697-8269  
www.cityofpoulsbo.com | plan&econ@cityofpoulsbo.com

Please note that information provided at the pre-application conference and in this letter reflects existing codes and standards, currently available information about the site and environs, and the level of detail provided in the pre-application conference submittal. Comments provided pursuant to pre-application review shall not be construed to relieve the applicant of conformance with all applicable fees, codes, policies, and standards in effect at the time of complete land use permit application. The comments on this proposal do not represent or guarantee approval of any project or permit. While we have attempted to cover as many of the Planning and Economic Development related aspects of your proposal as possible during this preliminary review, subsequent review of your land use permit application may reveal issues not identified during the initial review.

All code references to the Poulsbo's Municipal Code can be accessed via: [www.codepublishing.com/WA/Poulsbo](http://www.codepublishing.com/WA/Poulsbo).

### PROJECT DETAILS/GENERAL INFORMATION:

Project Name: Parkview at Hostmark PRD

File No.: P-09-22-25-04

Pre-Application Date: October 7, 2025

Pre-Application Expiration (6 mos.): April 7, 2026

Parcel: 232601-1-008-2008

Zoning Designation: Residential Low

Land Use Designation: Residential Low

Critical Areas: ☒ Yes ☐ No

Shoreline Jurisdiction: ☐ Yes ☒ No

SEPA Required: ☒ Yes ☐ No

### ITEMS TO ADDRESS PRIOR TO APPLICATION SUBMITTAL:

- Neighborhood Meeting. For Type III applications, a [Neighborhood Meeting](#) is required prior to application submittal.
- Critical Areas are mapped for Wilderness Park to the north, parcel 232601-1-005-2001. All development permits on sites with known locations of fish and wildlife habitat conservation areas, or sites within three hundred feet to known locations of fish and wildlife habitat conservation areas, shall submit a habitat assessment or management plan as specified in Section 700 of PMC 16.20.705.
- Minimum lot size for a PRD is 3,750 square feet.
- Maximum allowed lot size in the underlying RL zone is 7,500 square feet.

### LAND USE REVIEW:

Based on the submitted materials, the following land use review process is required:

| <u>Review</u>                                   | <u>App Type</u> | <u>PMC Reference</u> | <u>Review Authority</u> |
|-------------------------------------------------|-----------------|----------------------|-------------------------|
| <a href="#">Preliminary Subdivision</a>         | Type III        | 17.60                | Hearing Examiner        |
| <a href="#">Planned Residential Development</a> | Type III        | 18.260               | Hearing Examiner        |

### Staff Comment:

- Permits are processed according to the provisions of [Title 19](#). Application requirements, review procedures, noticing requirements, timeframes, etc., can be found in [Title 19](#).
- When more than one application is submitted for a given development, and those applications are subject to different types of procedure, then all of the applications are subject to the highest type of procedure that applies to any of the applications.
- Process: Neighborhood meeting, Application submittal; Notice of Application; review and revisions; SEPA (may be with NOA); Staff Report with staff recommendation; Planning Commission Public Meeting & recommendation; Hearing Examiner Public Hearing; Decision; Notice of Decision.
- A complete application must be submitted prior to the expiration of this pre-application summary letter. Per PMC 18.30.010, the summary shall expire six months from the date the pre-application conference is held. Upon written request by the applicant 14 calendar days prior to the expiration setting forth reasons for the request, the PED director may extend the validity of the pre-application comments by one additional six-month period.

- Applications and handouts can be found here: [www.cityofpoulsbo.com/planning/planning\\_application.htm](http://www.cityofpoulsbo.com/planning/planning_application.htm).
- Poulsbo has a 3-step [development review process](#): 1) Land Use Review 2) Construction Drawings/Grading/Tree Cutting and Clearing, 3) Building Permit.
- Per PMC 19.50.050, for Type II and III applications, applicants shall post one or more signs on the subject property giving public notice of a proposed action. The applicant shall erect the public notice sign by the commencement of the notice of application. See handout [here](#).

## ZONING ORDINANCE (TITLE 18):

The project would be subject to the following development standards and Guidelines:

- |                                                                                    |                                                                              |

### Staff Comment:

- Min density. Minimum density in the RL zoning district is 4 du/net acre, maximum is 5 du/gross acre. Net acreage is the development subject site's gross acreage minus acreage for public rights-of-way, private road easements, designated critical area and buffer protection, and storm management facilities; but not including parks and public or private recreation facilities dedicated or created as an integral part of the development.
- Min lot size.
  - Per [Table 18.260.050](#), minimum lot area for detached units in the RL zoning district is 3,750 square feet.
  - Per [Table 18.260.050](#), no minimum lot area for attached units in RL zoning district. Attached units permitted in a PRD per [PMC 18.260.080](#).
- Open Space.
  - The amount of open space required is set forth in [Table 18.260.090 A](#).
- Recreational Amenities.
  - PRDs with less than 51 units shall provide two Group 1 amenities per [Table 18.260.100](#).
  - The location of the recreational amenities shall be distributed throughout the PRD for use by all residents unless clustering related amenities will result in recreational opportunities which contribute to the project's overall recreational plan and provisions (i.e., a playfield located adjacent to a clubhouse, or walking paths and gazebo in conjunction with viewing areas).
  - The location, size, and design of all recreational amenities shall be reviewed by the planning director, city engineer, and parks director, prior to preliminary approval.
  - All PRD amenity design shall take into consideration and provide, when feasible, pedestrian linkages and connectivity between adjacent properties consistent with the city's [Urban Paths of Poulsbo](#) map.
- Long Term Tree Protection and Maintenance.
  - The tree retention tract(s), open space tract(s) or other permanent protective mechanisms for tree retention shall be owned and maintained through a homeowners' association or other common ownership.
  - Permanent fencing of the tree protection tract. This shall be accomplished by installing a wood, split-rail fence with applicable signage.
  - The boundary between a tree protection easement or tract and the abutting land must be permanently identified. This identification shall include permanent wood or metal signs.

## LAND DIVISION (TITLE 17)

- |                                                                   |                                                                             |

## ENVIRONMENTAL REVIEW (TITLE 16):

### *Mapped Critical Areas*

☐ Wetland    ☒ Fish and Wildlife Habitat    ☐ Geohazard    ☐ Aquifer Recharge    ☐ Frequently Flooded

#### **Staff Comment:**

- Critical area maps are intended for general critical area planning. These maps are schematic representations of physical features, infrastructure, and land ownership boundaries. The map information was derived from available public records and existing sources, not from surveys. Studies may be necessary with project review to verify information.
- Any development proposal that includes a critical area or its buffer or is within three hundred feet of a critical area, is subject to review under the provisions of Chapter 16.20. Critical area review will be conducted under the Planned Residential Development/Preliminary Subdivision application. Special reports shall be submitted at the time of application submittal and the city will retain consulting specialist(s) who will review for compliance. Deposits for peer review will be due at the time of application submittal.

### *SEPA*

#### **Staff Comment:**

- The proposed project is subject to SEPA Review. An [environmental checklist](#) is required to be submitted with the Planned Residential Development/Preliminary Subdivision application.

## FOR YOUR CONSIDERATION:

- Duplex on corner lot – see [PMC 18.70.070 H](#).
- Attached units in a PRD – see [PMC 18.260.080](#).
- Commercial uses in the R Zones (including live/work and neighborhood commercial) – see [PMC 18.70.070 F](#).
- Residential Density Incentives for Planned Residential Developments – see [PMC 18.260.110](#)
- Preliminary Subdivision [PMC 17.60](#)
  - A Preliminary Plat does not require open space.
  - Minimum lot size is 7,500 square feet.
  - [PMC 18.70.050 C](#) Lot Averaging standards - In order to preserve natural features, address irregular site shape, and provide a variety of housing sizes, for subdivisions creating nine lots or greater in the RL zoning district and not utilizing the provisions of the PRD (Chapter [18.260](#)), lot averaging may be employed; provided, that:
    1. The average lot size when all lot areas are totaled together must be at least seven thousand five hundred square feet, but no greater than ten thousand square feet.
    2. The minimum lot size is five thousand square feet; the maximum lot size is ten thousand eight hundred ninety square feet.
    3. No attached residential units are allowed.
    4. No lot less than the required RL minimum lot size (seven thousand five hundred square feet) may be placed adjacent to previously developed lots which meet the minimum lot size requirements.
    5. All other development standards identified in Table 18.70.050 are required; provided, that the following alternative standards are allowed:
      - a. Lot width: fifty feet at the midpoint of the lot. Each lot shall have a minimum of twenty feet of frontage on a dedicated street or approved access way.
      - b. Lot depth: eighty feet.

**CITY OF POULSBO – FINANCE DEPARTMENT  
INTEROFFICE MEMORANDUM**

---

**TO:** ASHLEY WELLER  
**FROM:** SHANNON KOSHAR  
**SUBJECT:** PARKVIEW AT HOSTMARK  
**DATE:** 10/21/2025  
**CC:** DEBBIE BOOHER

---

**SUBJECT:** PARKVIEW AT HOSTMARK (P-09-22-25-04)  
**LOCATION:** 1272 NE HOSTMARK ST  
**ASSESSOR #:** 232601-1-008-2008

**Note:** The above parcel has a 3/4" City water & sewer connection, billed under residential utility account 01553-02.

**RESIDENTIAL**

Water, sewer and stormwater facility charges, inspections & meter cost will be assessed at the time the building permits are submitted. Facility and meter fees will be due prior to the building permit issuance.

**COMMERCIAL**

General facility fees for water and sewer are based on the required meter size per ordinance 2002-29. Stormwater fees are based on impervious surface per ordinance 2016-14 & 2017-13. Reference PMC sections 13.70.120 – 13.70.180.

1. Number of meters and size information is required on the building permit application.
2. Impervious surface measurement is required on the building permit application.
3. Facility fees for water, sewer, stormwater, meter fees and inspection fees must be paid prior to the building permit issuance.
4. Fire line size must be noted on the building permit application.

**IRRIGATION**

Irrigation system facility charges are based on meter size. A separate building permit is required.

**LID & LATE COMER AGREEMENTS & FRONT FOOTAGE FEES**  
**NONE**

**PARK & TRAFFIC MITIGATION AS APPLICABLE ARE DUE AS FOLLOWS**

|                                |                                     |
